- VII. COMMITTEE MEMBER REPORTS/COMMENTS  
West End Update: Todd and Deirdre met to talk about the food vendors for the next event. There may be a participant charge for the Friday event. Greg brought up his thoughts on highlighting the younger artists. He also commended on the idea of having another nonprofit like the Big Sur Initiative to run the 2004 Challenge and they would get the proceeds from the event. The corporations would give checks to the nonprofit and could deduct it off their taxes.

Deirdre requested some direction on what to get started for next year's events. Todd offered support to help. There were no other reports.
