

Sand City Police Department Citizen Complaint Form

California law requires this agency to maintain a procedure through which it investigates citizen complaints. You have the right to make a complaint against a police officer for any improper police conduct. The Sand City Police Department may find, after conducting the investigation, there is not sufficient evidence to warrant action on your complaint. Even if this is the case, if you believe an officer behaved improperly, you have the right to make the complaint and to have the complaint thoroughly investigated.

Citizen complaints and any reports or findings related to complaints must be retained by this department for at least 5 years.

Please be aware that it is against the law to make a complaint which you know is false and the making of a false report can and may be an actionable offense.

I have read and understand the above statement.
